Dear Sirs and Madame;

Supply of off-grid PV solar packages including modules, batteries, electronics, wirings, etc., including transport to Yap, FSM main island.

The *Yap State Public Service Corporation (YSPSC)* wishes to formally thank both *Johs. Gram-Hanssen A/S* and *PRO D3 S.R.L.* for your kind provision of the *iKube* system units. These self-contain PV solar powered system units will prove to be very useful and self-reliable with the proven electrification desires for Yap State, FSM and its outer islands.

Having been the first recipient of the *iKube* to the Pacific/Micronesian region of the world *Yap State Public Service Corporation (YSPSC)* would also like to officially welcome *PRO D3 S.R.L.* and its *iKube* system to all our communities. They will prove to be exceptionally resourceful in their usage as well as portability to this environment. It is also a pleasure to have been made note of the fact that *PRO D3 S.R.L.* is now also a fellow member of *Sustainable Energy Industry Association of the Pacific (SEIAPI)*. This will undoubtedly attest to the further establishment of alternative power solutions in these as well as other such regions globally.

Yours sincerely,

Faustino Yangmog
YSPSC General Manager
